

# American Board of Neurological Surgery Update

[www.abns.org](http://www.abns.org)

# Mission

---

The broad aim of the AMERICAN BOARD OF NEUROLOGICAL SURGERY (ABNS) is **to encourage the study, improve the practice, elevate the standards, and advance the science of neurological surgery and thereby to serve the cause of public health.**

# ABNS Leadership

**Rick Boop, M.D.**  
Chair

**Jack Knightly, M.D.**  
Vice-Chair

**Elad Levy, M.D.**  
Vice-Chair

**John Wilson, M.D.**  
Treasurer

**Russell Lonser, M.D.**  
Secretary

# ABNS Team

**Fred Meyer, M.D.**  
Executive Director

**Elizabeth (Betsy) Koehnen**  
Chief Administrative Officer

**Susan Butterbaugh**  
Initial Certification  
Administrator

**Kari Bergmann**  
Residency Program  
Coordinator

**Leann Lepa**  
CAST Coordinator

**Kari Bollerman**  
ABPNS Administrator

**Faith Backes**  
Credentialing Coordinator

**Scott Whitmire**  
IT Developer

**NOT PICTURED: Pam  
Derstine, PhD  
CAST Administrator**

# Path to certification

## Timeline to Certification

1. Pass Neuroanatomy exam for credit during PGY-2
2. Pass Primary Exam for Credit
3. Registration with ABNS

Optional

1. Application
2. POST Cases

# Path to certification

## Board Eligibility

**As of July 1, 2021 residents must register before completion of residency training**

**As of July 1, 2021 entry of first 10 cases in ABNS POST (post residency/fellowship)**

**As of July 1, 2023 residents MUST pass the written examination for credit prior to Chief Resident Year (PGY-6 or PGY-7).**

**As of July 1, 2025 must pass neuroanatomy exam by PGY-2 completion and before taking primary examination for credit (for those taking primary exam after July 1, 2025).**

# Neuroanatomy exam

Neuroanatomy exam is required in **PGY-2** and **100% correct to pass**

Designed for **clinical relevance**

Bylaws **require passing of examination** before PGY-2 completion and before taking primary examination for credit (for those taking primary exam after July 1, 2025).

Thank you to **AANS** for **sponsoring website** used by all neurosurgical residents

# Neuroanatomy exam

Mastery Exam  
100 questions  
Must pass with 100%  
Up to 4 tries to pass

## 2023 Neuroanatomy Exam Results

247 PGY 2s

136 have attempted it at least once

91 have mastered it

2 on the first attempt

38 on the second attempt

43 on the third attempt

8 on the fourth and final attempt

# Neuroanatomy exam

## 2023 Neuroanatomy Exam Survey

**Secure**

Four attempts, not open book

**Evolving**

Updated content, more like this

**Relevant**

Exam designed for clinical relevance.

**Highest**

Clinical Vignettes, videos

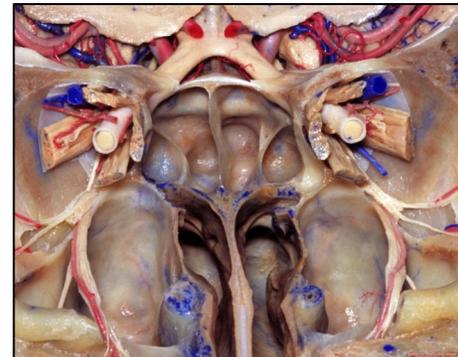

**Quality**

New content

**Continuous**

Evident by the changes

**Reassessment**

# Primary exam

## **Secure**

No technical/security issues.

## **Evolving**

275 new questions vetted.

Moving to Mastery Exam.

Standard setting.

Passing scores likely change annually

## **Relevant**

Exam designed for clinical relevance.

## **Highest Quality**

From 275 question vetted last year,  
97 questions were accepted.

## **Continuous Reassessment**

Rigorous quality control before and after exam. Rejected for factoid, not clinically relevant and poorly written. Post examination evaluation of question performance leads to elimination of another 5 to 15 questions.

## Primary exam

# 2023 Primary Exam Results

**887 trainees that took exam**

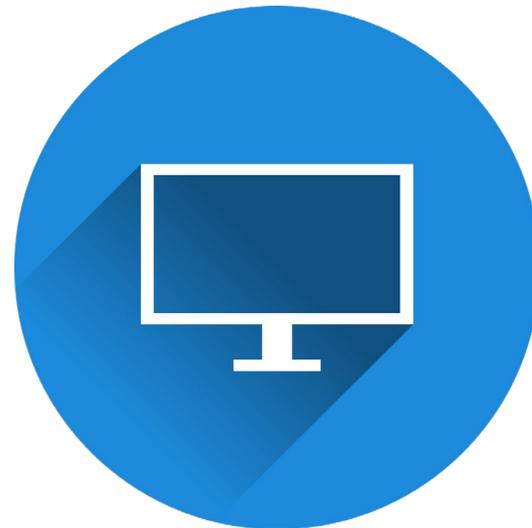

- 248 (26%) for credit
- 639 (74%) for self-assessment
- **Fail rate**
  - Reference group fail rate was 0.0%
  - Credit candidate fail rate was 2.4% (6 total)

**\*Minimum passing (percent correct) was 72%, supporting the move to mastery. A new standard setting exercise will be conducted in 2024.**

# Oral Examination

**Offered twice per year; spring and fall  
1 session that consists of 3 rotations  
Examinees virtual  
Directors on site  
Examiners on site/virtual  
Examiner development program**

# Oral Examination

## Oral Examination Pass Rate

Exam date	Pass rate	Fail rate
Fall 2022	90.4%	9.6%
Spring 2022	90.8%	9.2%
Fall 2021	86.7%	13.3%
Spring 2021	86%	14%
Fall 2020 (first virtual exam)	84.9%	15.1%
Fall 2019	82.5%	17.5%
Spring 2019	81.8%	18.2%
Fall 2018	85.1%	14.9%
Spring 2018	83%	17%
Fall 2017	80.6%	19.4%

# ABNS POST

## Pactice and Outcomes of Surgical Therapies

- UAT from 5/15 to 5/19
- UAT feedback implementation between 5/15 to 5/19
- Further re-test by ABNS from 5/22 to 5/24
- UAT sign-off by ABNS on 5/26
- Go-live can be targeted on 6/2
  - Candidate onboarding
  - Candidate case log creation
  - Admin login
  - Admin approving the account
  - Email notification to candidate
  - UAT -1 Feedback: 8 items implemented/delivered
  - Admin to view case log (work in progress)
  - Image upload optional (work in progress)
  - Brain tumor issue
  - Treatments for Chiropractic Therapy and number of days for PT
  - CPT codes (2023)
  - The IDs are: 30, 49, 53, 54, 57, 80, 87, 92, 93, 94, 99, 100, 101, 102, 103, 104, 105, 109, and 111.

# ABNS POST

Pactice and  
Outcomes of  
Surgical  
Therapies

## Data collected

---

- Candidate
- NPI number
- Training program
- Written boards scores
- Fellowship/Subspecialty
- Practice type
- Practice location
- Case (POST) content (including imaging)
- Oral boards results

# ABNS POST

Pactice and  
Outcomes of  
Surgical  
Therapies

## Potential analytics

---

- Diplomate demographic trends
- Training-related
- Quality-related
- Subspecialty-related
- Management improvement
- POST-related improvements

# ABNS POST

Pactice and  
Outcomes of  
Surgical  
Therapies

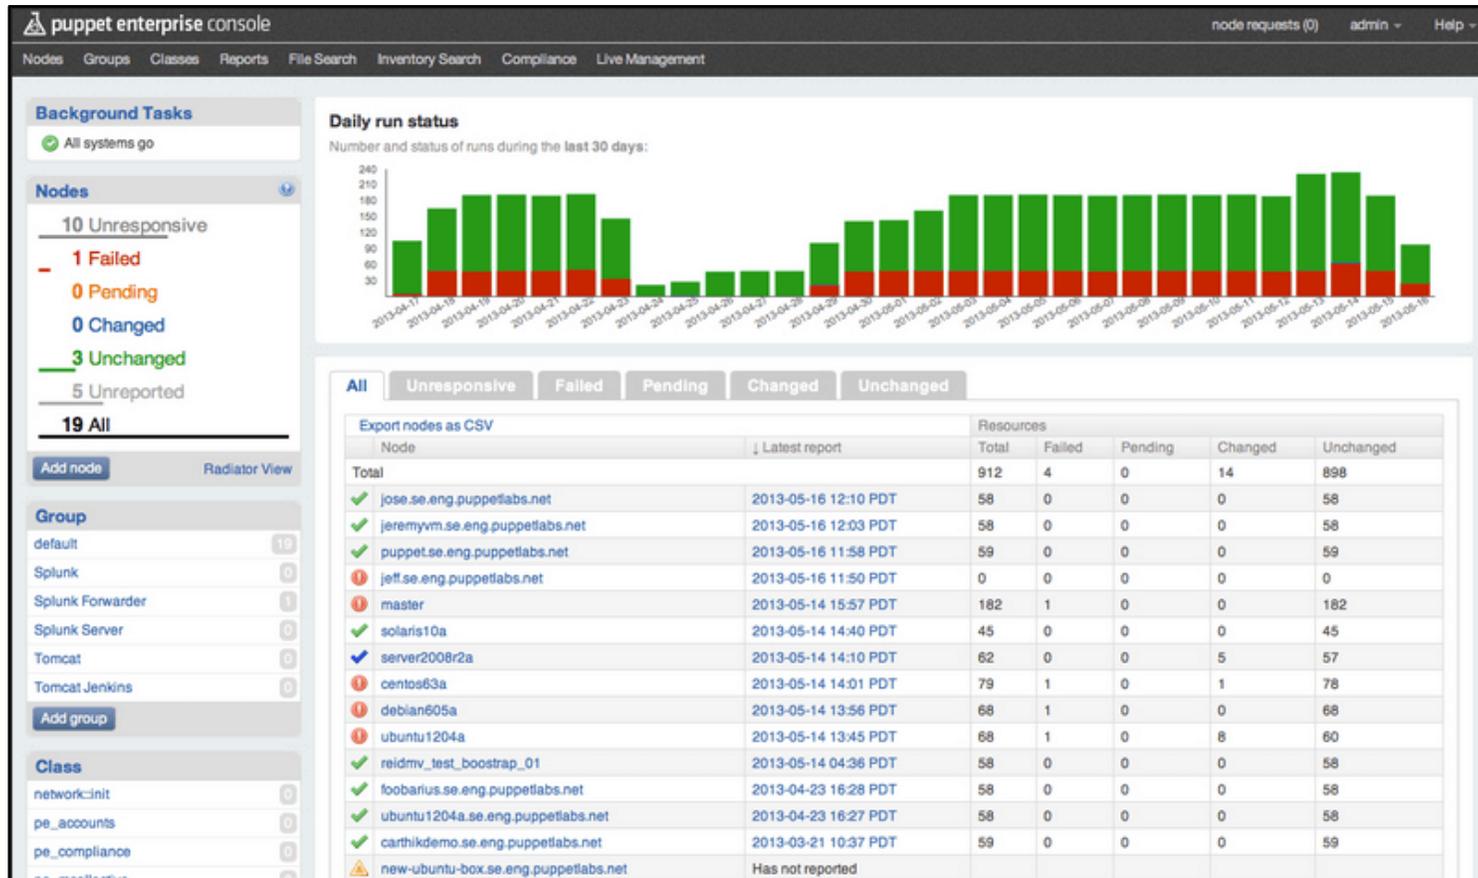

## Training Analytics

---

### Assess effectiveness of training

- Define patterns related to training (surgical indications, coding errors, complication rates, oral board pass).
- Match case logs with clinical and board outcome

# Residency Training Data Board

## Data assessment

- NPI number
- Primary Exam
- Oral Exam
  - Passing rate
  - Failure subtypes
- Case Type
- Practice Demographics
  - Practice type
  - Subspeciality
- Complications, reoperations, objectives met, death (6 months) and unmet objectives
- Concern issues by reviewers
- ACGME training data (case mix and volume)
- Continuing certification data

# Recognized Focused Practice

## RFPs Status and Updates

---

Pediatric RFP	193
NCC RFP	20
CNS Endo	216

Opportunity to convert NCC and ENDO CAST certificates ends this year.

# Continuing Certification

## Loss of certification

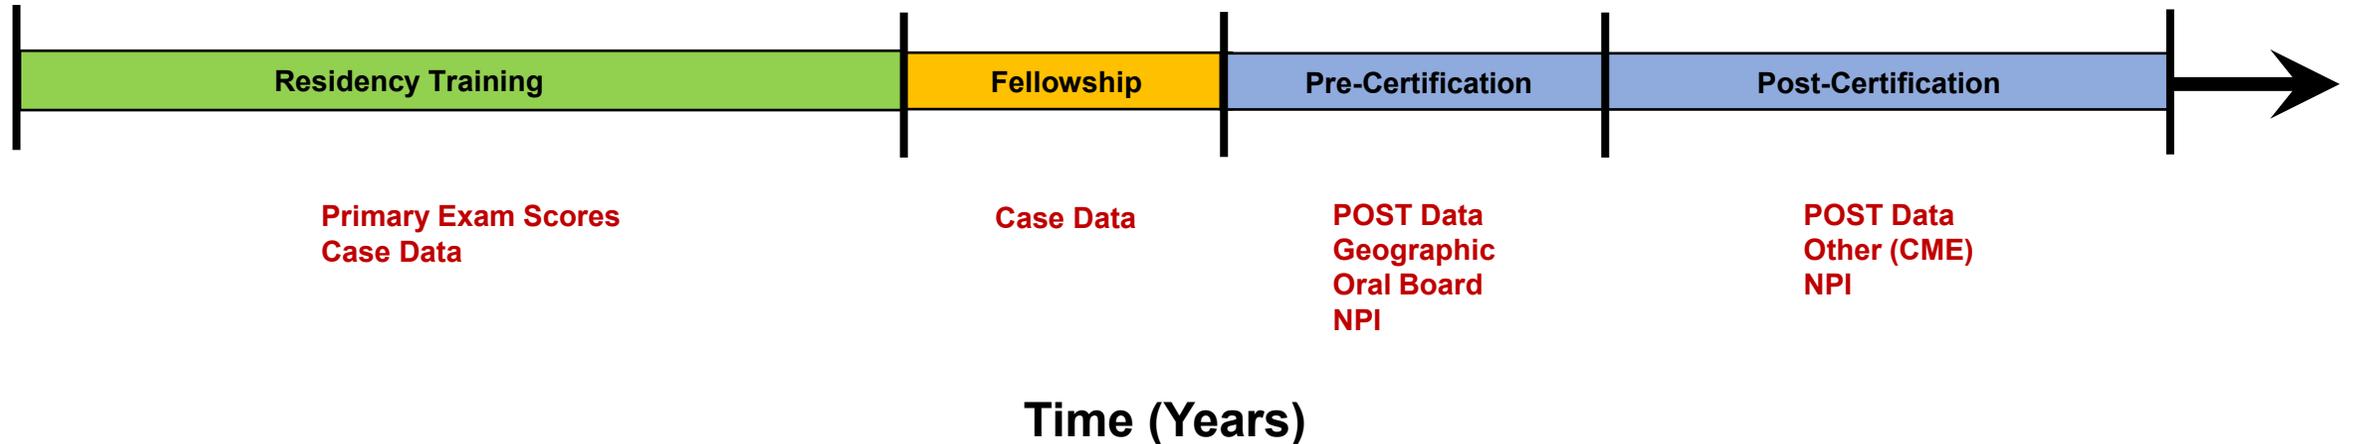

---

Year	MOC/CC	Other
2016	3	3
2017	1	0
2018	2	1
2019	2	1
2020	2	2
2021	12	3
2022	36	0
2023	20	0

## The “Continuum”

Residency Training Programs  
Fellowship Training Programs  
Residency Review Committee  
Congress of Neurological Surgeons  
American Association of Neurological Surgeons  
Society of Neurological Surgeons  
CAST  
ACGME

**Certification pathway for graduates of non-ACGME programs who are exceptional neurosurgical faculty at ACGME-accredited neurosurgery residency programs.**

**Doug Kondziolka**

**Elad Levy**

# Background

---

## Multi-year approach involving

- Current and past directors
- Department chairs
- Multiple iterations
- Meet/discussed with other boards
  - ABS, ABO-HNS, ABO, ABTS, ABOG
  - Non-surgical boards

## **Bylaw 4.10**

---

**“the applicant’s training, practice and professional stature leave no doubt as to their exceptional qualifications, the Board may grant permission for the applicant to be examined for certification.”**

# Pathway

---

- **Must pass Primary Examination**
- **Must provide a minimum of 125 cases in POST over 18 months and obtain approval to sit for Oral Examination**
- **Must pass all 3 sections of Oral Examination**

# ABNS Update

## Conclusions

- **Relevance to profession and public safety**
- **Evolving**
- **Standardization**
- **Data analytics**
- **Quality and reassessment**

**Questions?**
